

Students with data from this run period have been using calibration run 4755 from Sept 28, '18.

bcm calibration run 6320 was Nov 18, '18. very little change.

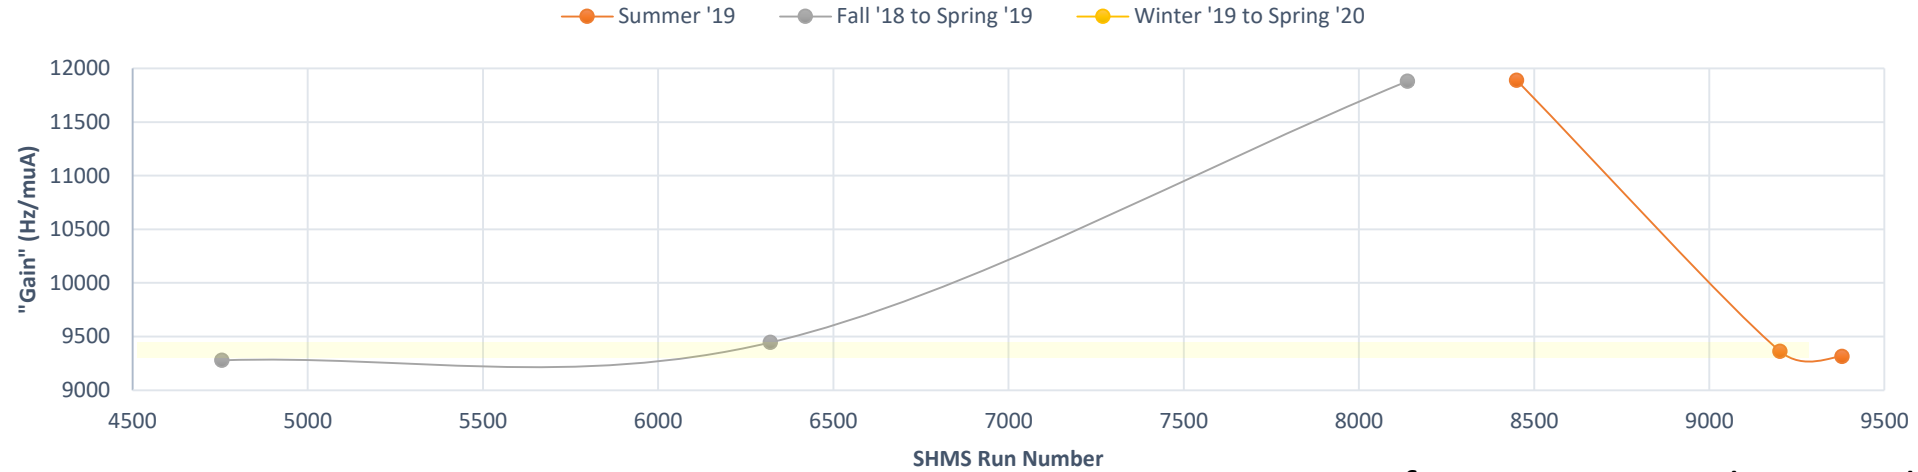

J/Psi run was in here somewhere Jan 23-March 5, '19

Bcm calibration run 8139 was April 5, '19.

BCM1,2 Gain vs Calibration Run

BCM4A Gain vs Calibration Run

If you want a crude cross check on bcm1,2, BCM4A/B stability looks better than 2%. (Unfortunately, it looks like the gain of BCM4A changed due to a power outage or something.)

BCM4B Gain vs Calibration Run
